New York, NY 10022

Dear Dr. Eisenberg,

I would like to thank you very much indeed for providing financial support to the Subgroup Meeting on the role of mechanical stress factors in controlling biological processes that was recently organized under the auspices of the annual meeting of the American Society for Cell Biology. Enclosed is a copy of Book of Abstracts of this meeting.

You would find acknowledgement of your kind support on the last page of the book of abstracts. This subgroup meeting was attended by over three hundred participants and received overwhelming support from the international scientific community.

Again, I would like to thank you very much for your timely help. I hope you would continue your support to our future meetings on the subject of role of physical factors in cell biology.

Yours sincerly,

Tripathi

Satish C. Tripathi, Ph.D.
Staff Biologist
Department of Life Sciences
